

Trouble Due at Colombia Inaugural

BOGOTA, Colombia (AP) — Armed with state-of-siege powers, the Colombian army and police were on guard today against any attempt by supporters of ex-dictator Gustavo Rojas Pinilla to block the inauguration Aug. 7 of President-elect Misael Pastrana Borrero.

President Carlos Lleras imposed the modified form of martial law Sunday night after new threats of revolution from the former dictator's daughter and campaign manager. "Rivers of blood might run in the country" if Pastrana takes office, said Maria Eugenia Rojas de Moreno.

President Lleras said he proclaimed the state of siege, which suspends constitutional rights, to prevent "grave commotion" between the opening of the new congress today and the presidential inauguration. No party has a majority in the new legislature, adding to the tension.

Pastrana Borrero, the government candidate, was declared winner of the April 23 election by less than 50,000 votes after a prolonged, see-saw count. Rojas Pinilla charged that he was cheated out of the victory, and immediately after the results were announced his supporters in two military garrisons made unsuccessful attempts to start a revolution.

Meanwhile, Fernando Londoño y Londoño, the former foreign minister who unsuccessfully challenged Pastrana Borrero for the Conservative party presidential nomination, was released by kidnappers Saturday for \$100,000 ransom, half the original demand.

Londoño, 69, who has large coffee plantations, said he was tortured by his captors. He gave no details and did not identify his abductors.

Hampton Denies Odom Backing Him

LITTLE ROCK (AP) — The Rev. R. J. Hampton said Sunday that Jess P. Odom of Little Rock was not backing his campaign.

Odom is a supporter of former Gov. Orvall Faubus.

Hampton, who is seeking the Republican gubernatorial nomination, said Odom had "made a small contribution" to his campaign.

Hampton and James "Uncle Mac" MacKrell appeared on KTHV's "Face the State" program Sunday.

Hampton said that Odom was a friend and had made a \$10,000 contribution to Shorter College, of which Hampton was president before he entered the race for the nomination.

MacKrell, who is seeking the Republican gubernatorial nomination, said it would be a "miracle" if he were elected governor. He said that he did not expect to win when he entered the race.

He also said that he did not think that the governor should enforce antigambling laws at Hot Springs. He said that was a municipal problem.

Glen Campbell Signs for Livestock Show

LAS VEGAS, Nev.—Arkansas Glen Campbell (left) discusses the two performances that he will present during the 1970 Arkansas Livestock Show with Colonel Carl Miller of Little Rock, general manager of the Show Association. The 10-day Livestock Show will be held in Little Rock from October 2-11 with the Campbell performances in Barton Coliseum on Saturday night, October 3, at 8:00 p.m. and Sunday afternoon, October 4, at 2:30 p.m. Campbell is presently in Las Vegas for a two-week engagement at the International Hotel.

LITTLE ROCK—The 1970 Arkansas Livestock Show will be held in Little Rock from October 2-11, with one of the major highlights being the appearance of Glen Campbell for performances on October 3 and 4 in Barton Coliseum.

Campbell, the Arkansas-born singer, actor and television star, will appear on Saturday night, October 3, at 8 p.m. and on Sunday afternoon, October 4, at 2:30 p.m.

"This year's Arkansas Livestock Show will be an event keyed to the 1970's," said E.M. Arnold of Little Rock, president of the Show Association who is also president of Union Life Insurance Company. "To keynote this spirit, we wanted Glen Campbell because he's a native Arkansan and one of the most popular stars in America today."

Appearing with supporting acts and accompanied by a 27-piece orchestra, Campbell will present basically the same show that he opened with at the International Hotel in Las Vegas last week. Critics have noted that the show "puts Glen Campbell in the super-star status."

His appearance will be the first "in the round" staging in Barton Coliseum. Show officials explained that Campbell will perform from a stage erected in the center of the Coliseum bringing him within the best viewing distance of all seating.

With a present seating capacity of 10,759 in the Coliseum, the Campbell show is expected to be the largest entertainment event of its type this year in Arkansas. Tickets will be \$3.75, \$4.75 and \$5.75 with advance sale starting in August through the Arkansas Livestock Show Association, Box 907, Little Rock, Arkansas 72203.

"Additional news on entertainment attractions, including the Championship Rodeo and Grandstand Show, will be released within the next few weeks as arrangements are completed," Arnold said.

A native of Delight, Ark.,

Campbell first achieved national recognition in 1967 with two hit songs: "By the Time I Get to Phoenix" and "Gentle on my Mind." The songs won him four Grammys, the music industry's equivalent of the Academy Awards, and were the first of a string of hit songs, including "Wichita Lineman" and "Galveston."

In the past two years, Campbell has received 10 Gold Records from the Record Industry Association of America and has been named Top Male Vocalist by Billboard, Cash box and the Academy of Country and Western Music.

His CBS-TV series, "Glen Campbell! Goodtime Hour" is one of the top-rated shows in Arkansas and the nation. In 1969, his blend of country humor and city sophistication won him accolades of TV editors who elected him "TV Performer of the Year."

Campbell made his acting debut last year in "True Grit" and is now starring in his second movie, "Norwood." Both are based on novels by Arkansas Charles Portis. Following the smashing success of "True Grit," Campbell took honors from the movie industry, including being named the "Most Promising New Male Star" by Photoplay magazine and "Top Male Star of the Future" by Box Office magazine.

3 Israeli Strike in Mideast

TEL AVIV (AP) — Israel threw air strikes at Arab positions on three fronts Sunday, pounding Egyptian targets along the Suez Canal and guerrilla posts in Jordan and Lebanon, the military command announced.

A spokesman said all planes returned safely. But a Syrian army spokesman in Damascus said one of four Israeli Skyhawk jetfighters that raided the Golan Heights area was shot down, crashing in flames in Israeli-held territory.

An Israeli spokesman said in denial: "The only strikes in that area were against guerrilla targets in Lebanon, and all our planes returned safely."

The strikes into Jordan and Lebanon were aimed at posts from which Palestinian guerrillas have been raiding Israeli border settlements and frontier patrols, the Israeli spokesman said. The targets were on the southwest slopes of Mt. Hermon in Lebanon and 12 miles east of the Jordan River near the Jordanian village of Irjun, he said.

A Jordanian army spokesman said one civilian was wounded and a house was set afire.

Arab gunners in Jordan shelled two Israeli frontier settlements Sunday but inflicted no casualties, the command in Tel Aviv reported. A spokesman said the targets were Kfar Rupin in the Beisan Valley 18 miles south of the Sea of Galilee and Yotvata, in the Negev Desert 25 miles north of Eilat.

On the diplomatic front, Itzhak Rabin, the Israeli ambassador to the United States, said his country opposes a limited cease-fire such as the 90-day halt called for in the new American peace proposal for the Middle East.

Interviewed on NBC's "Meet the Press," he said Israel favors an "unconditional and unlimited cease-fire."

Egyptian President Gamel Abdel Nasser, back from a 19-day trip to Moscow and talks with Soviet leaders, is expected to outline his country's stand on the U.S. plan in a speech Thursday.

"Done Up Brown" When a loaf of bread or a batch of biscuits is "done up brown," it is complete, finished, ready to serve. So, when a project is "done up brown," nothing more can be added to it.

He Would End "Sub-Human Status"

By BROOKS JACKSON Associated Press Writer WASHINGTON (AP) — A senator probing alleged sub-human conditions among migrant farm workers promised today an expose of who is responsible—"institutions or persons; government or agribusiness; federal, state or local."

"Nothing will change until this rotten system is exposed and held accountable," Sen. Walter F. Mondale, D-Minn., said in a statement for today's opening of a two-day inquiry by his subcommittee on migrants.

The first scheduled witness was Dr. Raymond Wheeler of Charlotte, N.C., one of a team of foundation-sponsored doctors who visited Texas and Florida migrant camps earlier this year and reported that workers were deliberately kept in "sub-human status."

Mondale noted the hearings follow last Thursday's television documentary "Migrant—An NBC White Paper," which he said "documented evidence of the squalor, degradation and racism which our nation bestows upon the migrants."

He also noted a similar documentary, the late Edward R. Murrow's "Harvest of Shame," had aired much the same migrant conditions 10 years earlier. "Perhaps our greatest shame is how little we have done in this decade," Mondale said. "We must see to it that there will be no such documentary in 1980."

"We know the problems," he said. "We must now turn to the question of why we have accomplished so little. What are the powers, the pressures, the politics and the special interests that have perpetuated this degradation? Who has opposed the investigations of these conditions, and who has endeavored to suppress the truth?"

Mondale said he had invited officials of NBC and the Coca-Cola company to testify about reports Coca-Cola pressured the network to tone down its documentary on migrants. Coca-Cola, which owns the Minute Maid and Snow Crop brands of orange juice, is a major Florida citrus producer.

Mondale said he also had invited representatives of growers associations to testify about reported pressure. The Florida Fruit and Vegetable Association wrote NBC President Julian Goodman and Federal Communications Chairman Dean Burch on June 22 warning it would oppose relicensing of any station taking part in the "slanted" broadcast.

The subcommittee has reported pressures of its own. Last Friday Boren Chertkov, the subcommittee counsel, said some persons had declined to testify because of "personal threats, harassment, intimidation." He said he could not name the persons without endangering them.

Hope 15-11 over Malvern at Tourney

At the Babe Ruth Regional Tournament in Nashville Sunday the 13-14 year-old Hope All Stars lost to Malvern 5-1.

In the 15-year-old game Hope won 15-11, which means the 15-year-old team will return Tuesday at 8:30 to meet an unknown opponent.

Candidates Call for Party Unity

NORTH LITTLE ROCK (AP) — Two candidates for the Democratic gubernatorial nomination called for party unity Saturday while a third discussed the war in Vietnam.

The three candidates—Robert C. Compton of El Dorado, Bill Wells of Hermitage and Dale Bumpers of Charleston—spoke Saturday at a political rally sponsored by the Pulaski County Young Democrats.

Compton said Gov. Winthrop Rockefeller's tactics has been to divide and conquer, but that with unity in the state Democratic party "Rockefeller would need billions rather than millions to win."

Compton also charged that Rockefeller had been elected due to his "propaganda machine" and that this would not happen a third time.

Wells said he could aim his campaign at issues and not responsibilities.

Bumpers said he believed the United States had accomplished its mission in Vietnam and that priority should now be given to solving domestic problems.

Bumpers also said he agreed with President Nixon that the U.S. had destroyed the Viet Cong's ability to wage an aggressive offensive against South Vietnam.

Hope Wanes for Lost Red Plane

HALIFAX, N.S. (AP) — Despite waning hopes, planes of three nations kept up a search today for one of Russia's biggest cargo planes, missing in the North Atlantic with a load of relief supplies for victims of the Peruvian earthquake.

Heavy, low-lying fog and hundreds of floating icebergs hampered the search Sunday for the four-engine Antonov 22 that disappeared Saturday between Iceland and Halifax. Rescue officials believed at least 23 persons were aboard.

Five American, Canadian and Danish planes were searching. Officials said neither oil slicks nor suspicious debris had been sighted.

The huge plane—189 feet long and capable of carrying a payload of 88 tons—disappeared from radar screens 21 minutes after taking off from Keflavik, Iceland. It had been scheduled to refuel again at Halifax.

The Russian airlift by about a dozen planes was ordered after Peruvian newspapers commented that the Soviet Union was providing no aid to survivors of the May 31 quake, which killed an estimated 70,000 persons and left 800,000 homeless.

It apparently was intended to offset effects of the visit by Mrs. Richard M. Nixon to the earthquake area after her husband had allocated \$10 million to quake relief and sent more than 30 planes and helicopters to provide transport for remote stricken areas. The Russian program did not start until last week, more than six weeks after the quake.

ASA has Confidence in Thomas

WEST MEMPHIS Ark. (AP) — The field secretary for the Arkansas Sheriffs Association says the association has "complete confidence" in the integrity of Crittenden County Sheriff Marion Thomas, who was suspended after being charged with embezzling public funds.

Glenn Knight of Little Rock made the statement at the opening of Thomas' campaign headquarters. Thomas, who is running for a fourth term, has been suspended pending the outcome of the embezzlement case.

TV Coverage Debated by House, Senate Let Cameras in Years Ago

By JOHN BECKLER Associated Press Writer WASHINGTON (AP) — TV or not TV, that was the question before the House today as it resumed consideration of a reform bill designed to open more congressional procedures to the public.

Unlike the Senate, which welcomed the lights and cameras of the television crews to its committee hearings early in the TV age, the House has steadfastly refused to admit them.

Under the bill, television coverage would be limited to committee hearings and not include proceedings on the House floor, although an amendment to cover action in the chamber itself had been expected.

The bill requires a majority vote by a committee to permit televised hearings and gives any witness the right to have the cameras shut down while he is testifying.

Furthermore, the privilege of televising its hearings could be withdrawn if, in the committee's judgment, the material appearing on the screen tended to "distort the purposes of the hearing" or "to cast discredit or dishonor on the House, the committee, or any member of the House."

The television coverage provision is one of the most controversial in the bill and it underwent several revisions during drafting.

An earlier version would have required broadcasters prove what they showed on the screen was "accurate and legitimate news coverage."

The earlier language and most of the opposition to the provision reflected a fear in the minds of many members that television will seize on some isolated, bizarre or sensational incident in an otherwise decorous hearing and thereby give a false impression.

The bill also provides an absolute ban against the use in a political campaign of any film shot during a hearing, and also prohibits commercials in a live telecast of a hearing.

Also still to come is a vote on the key amendment by a bipartisan group to end the practice of members voting anonymously on amendments when bills are under consideration on the House floor.

Obituaries

HENRY O. BOATMAN

Funeral services for Henry O. Boatman, 77, of Fulton who died Saturday in a Texarkana hospital, were held today at 2 p.m. in the Herndon Chapel by Rev. M. H. Peebles. Burial was in Memorial Gardens of Texarkana by Herndon.

He is survived by his wife, Florence Boatman, four sons, H. J. Boatman of Texarkana; Walker L. Boatman of Gurdon; Omer Gene Boatman of Ohio; and Howard E. Boatman of Fulton; three daughters, Mrs. Denver Morris of Farmington, Mrs. Ruby Blar of Texarkana, and Mrs. Madge McMahan of El Dorado.

Finch Says Thurmond Misinformed

WASHINGTON (AP) — The South has come a long way in responding to the Nixon administration's school desegregation policies, says Robert H. Finch, a presidential counselor.

And Finch said Sunday he believes Sen. Strom Thurmond's attack on administration desegregation policies was based on inaccurate information of what they are intended to do.

Finch, a former secretary of health, education and welfare, referred to a statement last Friday in which Thurmond, a South

is likely Wednesday and House leaders hope to bring the bill itself to a final vote Thursday or Friday.

Korean Not Ready for US Withdrawal

By BEVERLY PETERSON Associated Press Writer

HONOLULU (AP) — The third annual U.S.-South Korean defense conference opens Tuesday with the chief Korean negotiator already on record as opposing any withdrawals of American troops; now officially numbering 62,000.

"This is not the time to talk about withdrawal," Defense Minister Jung Nae Huk said Sunday on his arrival to attend the two-day meeting. "Our defense posture should not be reduced; it should be strengthened."

Jung said the military equipment of North Korea is formidable compared with South Korea's. "It is of national concern that U.S. forces should stay with us for several more years," he declared.

Jung said Communist infiltration into South Korea has increased drastically since 1968. "North Korean Premier Kim Il Sung is very likely to launch another war in Korea," he said.

U.S. Deputy Secretary of Defense David M. Packard had told reporters on his arrival for the talks that the United States would move ahead with plans to withdraw some of the American troops from South Korea this year. Packard said South Korea's gross national product had doubled since 1958 and that the country could begin to assume a greater role in its own defense.

"South Korea is working for a strong defense on the one hand," said Jung, "and on the other hand it is struggling for economic benefits and for the welfare of the people."

"In order to obtain goals in the economic area, we do need a strong defense and we demand U.S. assistance at least up until 1976."

"The defense outlay is very big compared with the size of our economy. If there is substantial reduction of troops, there will be an increase in our defense burden."

Jung said he believed South Korean Prime Minister Chung Il-Kwon would carry out his threat that he and his entire cabinet would resign if the U.S. troops were withdrawn.

Entertainment at Gurdon 24-25

The Community Development and Entertainment club of Gurdon will present the 1970 Junior Folies in the high school auditorium July 24-25 at 8 p.m.

The show, under the direction of Mrs. Marcus Lowe, will keep you well entertained. Special guest will be Frank Caple, magician of Little Rock. Caple is an experienced entertainer with a fresh new approach. His program, for all ages, is comedy interwoven with magic. He makes sad people happy and happy people happier.

The 135-member cast will present Fantasy Land, Fun Time Specials, and Noah's Ark. Mrs. Fle Kirby, music director, will present her band with pre-show entertainment at 7:30 p.m.

Admission \$1.50 adults and \$.75 for children under 12 years.

Carolina Republican, declared that President Nixon has allowed himself to be misled by liberal advisers on desegregation.

Finch was interviewed on "Issues and Answers" on ABC radio and television.

SOCIETY

Phone 777-3431 Between 8 a.m. and 4 p.m.

Calendar of Events

TUESDAY JULY 21

The American Legion Auxiliary Leslie Huddleston Unit 12 will meet Tuesday, July 21 at 7:30 p.m. in the home of Mrs. Joe Jones with Mrs. Rachel Edmiston as co-hostess. Mrs. Charles Taylor, membership chairman, will have charge of the program and urges all members to attend.

WEDNESDAY, JULY 22

The Hope Junior Auxiliary will meet Wednesday, July 22, at 10 a.m. in the home of Mrs. Dale Flowers. The executive board will meet at 9:30.

THURSDAY, JULY 23

The Hope Country Club will have Ladies Day with Swimming, Golf, Bridge and a pot luck luncheon with lunch beginning at 12. Hostesses will be Mrs. Kinard Young and Mrs. H. C. Whitworth.

FRIDAY, JULY 24

Immanuel Baptist Church will have vacation Bible school beginning Monday, July 20 and going through Friday, July 24. Classes are for beginners through intermediates. The hours are 8 to 11 a.m.

HERITAGE CLUB MEETS

Heritage Club met Thursday at the Heritage House, with Mrs. Charlie Harrell as hostess, for a Chicken Chow Mein luncheon. Bridge was played from 3 tables and high score was won by Mrs. W.E. White, second high was Mrs. C.P. Tolleson and game prize was by Mrs. F.R. Moses, who was a guest, and consolation prize was won by Mrs. Louise Kain.

Coming, Going

Mrs. C.F. Baker had as weekend guests Mr. and Mrs. Frank Wilson, Houston and Mr. and Mrs. Charles R. Baker of Hitchcock, Texas.

Homecoming at Union Grove

The Union Grove Baptist Church of Blevins will have its annual homecoming Sunday, July 26. Services will be in the morning, dinner on the ground and singing in the afternoon. The public is invited.

ARCHAEOLOGICAL FIND

KENNEWICK, Wash. (AP) — An elephant tusk thought to be 16,000 years old has been recovered from a stream bed near Kiona, a community 12 miles west of here. A highway crew workman spotted it first and reported it to archaeologists at Washington State University, Pullman. A Washington State crew then recovered the 4 1/2-foot tusk but found no other remains of the animal, believed to have been a Columbian Mammoth which became extinct 10,000 years ago.

Princess Ann Back Home, Miffed

By FRANCES LEWINE Associated Press Writer WASHINGTON (AP) —

Prince Charles of Britain took it all in stride but Princess Anne, unaccustomed to all the bluster, was somewhat miffed with the ever-present newsmen who hounded their steps as they wound up their first visit to Washington.

But, said a spokesman for the British Embassy, "That's not something to make a lot of. They thoroughly enjoyed themselves pretty much of the time." Washington tourists, baseball fans and passers-by gave their applauding approval at a glimpse of British royalty. And President Nixon spent 80 minutes in private talks with the 21-year-old heir to the throne of England at the end of the tour late Saturday.

Princess Anne, 19, who had appeared mostly unsmiling in public, told the Nixons, "It has been fun."

She and her brother said smiling farewells at the south portico of the White House and invited their hosts to England.

Tricia Nixon said she found Prince Charles charming and an excellent dancer.

But the British press wasn't impressed. One correspondent referred to gossip columnists as the witches of Washington. Another said the princess was bored.

And the general impression in London was that Anne was hounded because she didn't live up to Americans' impressions of how a princess should act.

Prince Charles managed to get along well while occasionally making a joking remark at the press. A British Embassy spokesman said Anne was bothered by the strangeness of it all. "She puts on a straight face and keeps it there because at least she knows what she's got on," he explained.

Rodeo at Idabel on July 5-8

IDABEL, OKLA. — Area rodeo fans are in for quite a treat when they attend the third annual championship rodeo here August 5, 6, 7, and 8.

Sponsored by the Idabel Jaycees and sanctioned by the International Rodeo Association, this year's rodeo will be one of the biggest and most important on the circuit.

More than 300 contestants are expected to vie for more than \$7,500 in prize money, with each dollar won potentially leading to "the pot of gold at the end of the rainbow."

Pass	Pass	Pass	Pass
Opening lead—A 2			

Oswald: "Take a look at the South hand. If you pass as dealer and partner opens one spade, what do you respond?"

Jim: "I do pass as dealer, since I don't open 11-point hands with 4-4-3-2 distribution and I respond two no-trump to my partner's opening spade bid."

Oswald: "So far there has been no real problem. Your partner jumps to four no-trump. Now, what do you do?"

Jim: "I think a long while and then pass. I have passed 11 high-card points with two 10s and a nine extra but my hand is not slamish. Change my queen of diamonds to the queen of spades and I would bid again."

Oswald: "I watched a pretty good player jump to six with that South hand. A club was opened and a diamond returned and he was down a trick before he got started. He did make the rest."

Jim: "I can just imagine South's bleats of protest. He must have pointed out in several thousand words that he had passed originally."

Oswald: "He certainly had and he certainly did. It was too bad that he didn't bear in mind that his original pass had not changed the spots on any one of his cards."

Jim: "This doesn't justify North's four no-trump bid, or does it?"

Oswald: "Not at all. North had a nice 19-point hand with a five-card suit. He would be justified in thinking of a slam if South's response had been a jump raise in spades or a bid in hearts or clubs, but 19 opposite 11 adds to only 30 and that is short for a no-trump slam."

Jim: "It certainly is, so that, while I blame South for his six no-trump bid, the major charge for the disaster must be against North."

(Newspaper Enterprise Assn.)

♥-CARD Sense-♦

Q—The bidding has been:			
West	North	East	South
1 A	Pass	2 A	Double
Pass	3 A	Pass	4 A
Pass	Pass	4 A	?

You, South, hold:
A 2 A K 5 4 Q 8 4 2 K J 9 7

What do you do now?
A—Double. East is obviously flag-flying. He could only bid two spades earlier. Let him fly his flag doubled.

TODAY'S QUESTION
Instead of passing over your partner's three spades, East has doubled. What do you do now?
Answer Tomorrow

The IRA this year has organized its first annual International Finals Rodeo to be held in February, 1971, in Tulsa, Okla., with more than \$100,000 expected to be in the kitty. The top 15 in each event will be eligible to compete for a share of the IFR money.

So, every contestant at Idabel will be trying extra hard to win money and points that could place him (or her) among the top 15 in the final standings and result in a trip to Tulsa.

But, the Jaycees have lined up many other attractions for rodeo goers in the area. Besides champion cowhands galore, you won't want to miss: Western Week in Idabel, proclaimed by the Mayor, and supported by Idabel merchants. Included is a beard-growing contest and "Boss Cartwright Hats" being worn by the Jaycees!

HELEN HELP US!

by Helen Bottel

Brave New World — A modest proposal

Dear Helen:

The editor of our suburban paper says holidays are detrimental to human life and should be eliminated. I agree! these days, we stay home — for you risk your life on the highway when everyone else is on it too. So why not eliminate holidays, including weekends off, and organize a system of working round the clock? All buildings, including schools would be open 24 hours a day. Only about one-fourth of the workers or school children would be "on" at any given time, as shifts would be staggered and vacation time given to coincide (if wanted) with that of other family members.

With total utilization of buildings, fewer would be needed. With no weekends or national holidays, we'd have less crowding at resorts and on the highways. Our schools would improve as classes would be smaller. We could finally cater to the "night people" who prefer to sleep by day.

It would take some getting used to, but think of the advantages. In our crowded world, the same days off for everyone mean no days off at all. You can't even sleep on Saturday morning because your neighbor starts up his lawnmower. As for church on Sunday, why not worship on another day? churches, too, would be used seven days a week!

Our editor calls his plan the "Deliberate Dispersal Program." I hope some day it catches on. —FOR D.D.P.

Dear Helen:

You'd think I was a teen-ager instead of a great grandmother! my children are scandalized because I have a gentleman friend whose intentions, they believe, are "dishonorable." In other words, we don't want to get married.

We'd lose on social security, and we wouldn't gain anything by marriage. Besides, we might not always feel this way about each other.

I didn't always approve of the things my children did, but because they were grown, I kept my mouth shut. Now they're at "respectably middle-age," they are shocked because I'm "modern." (Also platonic.)

Is there any real reason why my gentleman friend can't rent my extra bedroom, share meals with me, acquire me around but remain single? —NOT READY FOR SHAWL AND SLIPPERS Dear SRSAS:

You two are old enough to make up your own minds, and past the age for "scandalizing." This sensible arrangement should shock no one, your children included. —H.

Aw, Helen: As an editor, here I am trying to maintain grammar in the face of international language deterioration, and then you write: "It would irritate a lot less people." Please: it's "fewer," not "less"! —Elymologically Yours, HARRY, ONE OF YOUR EDITORS

Dear Harry: Sorry about that. It's five lashes with my typewriter ribbon and back to the old grammar books for — Do you think skirts for men will ever catch on? I saw them modeled recently on television. Is this the ultimate answer to women's pants suits? —T.K.

Dear T.:

Television and Radio

By JERRY BUCK AP Television-Radio Writer HOLLYWOOD (AP) — You might say that the ABC Movie of the Week "How Awful About Allan" was 7 1/2 years in the making—but it really only took 12 days to film.

This spooky tale stars Anthony Perkins, Julie Harris and Joan Hackett and was written by Henry Farrell, whose past works include "Whatever Happened to Baby Jane?"

The reason it took so long is that the producer, George Edwards, said he first called Farrell 7 1/2 years ago and suggested they do the film. They didn't get around to it until recently.

Perkins says he most prefers the 12 days. He took time out from directing the Off-Broadway production in New York of "Steam Bath," in which he also stars.

"I find the TV movie very different, but it's the way I think all movies should be made," said Perkins, who was wearing yellowish pajamas and a blue checked robe for a scene. "It's fast, it has spontaneity. It brings out the best in an actor. It's sort of like doing a live TV show, in a way."

Perkins, the chaplain in "Catch-22," said, "The bigger the budget, the more stale the

Page Three

actor. The more time you spend on set-ups, the more time the actors sit around. Nothing is harder for an actor than waiting.

"On 'Catch-22' sometimes weeks went by without a set-up. We had 26 set-ups in one day on this."

A set-up is just what it sounds like: the setting up of the camera and lights for a take.

Tony sat in a chair, tying knots in a piece of golden cord as he considered whether he wanted to become a director full time. Previously, he directed the road company of "Star Spangled Girl."

"I don't want to give up acting," he replied. "I think someone ought to be able to act and direct. I think the fact that I've been an actor helps me to direct and I think that since I've directed it's helped me to be a better actor."

He tied another knot in the cord and added, "People seem to be very suspicious of people in this country who can do more than one thing."

Tony, who plays a man suffering from psychosomatic blindness, was called back to the set. He and director Curtis Harrington went over a scene in which he has to put a record on a player by feel alone.

Lightest substance known is the element hydrogen with an atomic weight of 1.008.

N.Y. Mets in 7-6 Victory Over Giants

By MIKE RECHT
Associated Press Sports Writer

The New York Mets thought they already had seen Joe Foy at his worst, and they knew they hadn't seen him at his best. Well, now they've seen everything.

Foy gave them quite an eyeeful Sunday, jerking them up and down like a yo yo until he finally landed them on top.

First, the bad Joe Foy. Already he had been a tremendous disappointment to the Mets, who acquired him from Kansas City during the winter as the man to solve their long standing problem at third base. He was hitting around .200 most of the first half of the season.

And Sunday, he also showed how bad he could be in the field. For the first time in his major league career, Foy made three errors in a game.

But now the good Joe Foy. The Joe Foy who outthit his fielding. For the first time in his career, Joe Foy slammed five hits in one game, including two homers, and the 10th inning and gave the Mets a 7-6 victory over San Francisco and a split of their doubleheader after the Giants won the opener 5-3.

Foy's five runs batted in during the game kept the second place Mets only two games behind Pittsburgh in the National League East after the Pirates downed the Cincinnati Reds 7-3.

In other games, the Chicago Cubs hammered Houston 7-1. St. Louis stopped Atlanta 3-1, Philadelphia surprised Los Angeles by sweeping a twinbill 9-4 and 4-2 and San Diego beat Montreal 6-5 and then lost 6-5.

In the American League, California swept the New York Yankees 5-2 and 3-1, Detroit won two from Kansas City 2-0 and 6-4, Cleveland upended Minnesota 3-1, Boston outthit Oakland 9-4, Washington slipped by Milwaukee 4-3 and Baltimore clobbered the Chicago White Sox 8-2 and then lost 7-3.

Foy's problems began in the first inning when his throwing error led to three unearned runs in a four-run inning. He made errors in the sixth and seventh inning, too, but the Mets escaped unscathed.

His first hit, a double, was wasted in the second inning after Ron Swoboda's homer. But after Swoboda singled in the fourth, Foy hit his fourth homer over the left field screen. He tied the score in the fifth with a run-scoring single.

Then in the seventh, he singled in the leading run and another scored on the play when Willie Mays let the ball get by him.

But three walks and John Stephenson's two out single tied the score for San Francisco in the ninth, setting the stage for Foy's best, a shot just fair over the right field screen.

The Giants won the first game with three runs in the seventh on Tommie Agee's error and hits by Dick Dietz and Jim Hart.

The Pirates used Bob Tolan's throwing error to beat Cincinnati. Matty Alou raced home from first base on Rich Hebner's single and the wild throw in the sixth inning to break a 3-3 tie. Three more runs in the eighth clinched it.

The Cubs scored six runs in the third inning, the last two on Randy Hundley's first hit since coming off the disabled list, and Milt Pappas stopped the Astros on five hits to run his record with the Cubs to 3-1.

Dal Maxvill, a .192 hitter, singled in the tie-breaking run with two out in the eighth inning for St. Louis and, after winner Mike Torrez delivered his fourth hit of the day, Lou Brock doubled in another run. Torrez, winning his first game in three weeks, scattered eight hits.

The Phillies, running their winning streak to five games, stunned the Dodgers in the opener with eight runs in the last two innings—the first three in the eighth on Deron Johnson's homer and four in the ninth on pinch-hitter Jim Hutto's first major league grand-slam homer.

Then in the second game, after

Cliff Richey Better on Soft Surface

WASHINGTON (AP)—Cliff Richey, America's top clay court player, says he's become better on the soft surface during the past two years, mostly because of his father.

"In the last two years, I've learned more about clay than I ever did before," said Richey, the third-ranked U.S. player. "I've gone to Europe the past two years and my father went with me and really helped me."

"He pointed out a couple of things that I think I've got away from now."

Richey made his remarks Sunday after he defeated Arthur Ashe, No. 2 ranked American, 7-5, 6-2, 6-1, to win the \$35,000 Washington Star International Tennis Tournament.

The 23-year-old San Angelo, Tex., native said he played well on courts four or five years ago but then tried to improve his game on faster surfaces.

"Concentrating on fast surfaces, my clay court game suffered," he said. "But I think I'm improved now. When I was younger, I hit the ball well on clay. Now that I know more about clay, I don't hit the ball as well. I can finesse it."

Ashe, 27, of Richmond, Va., said Richey was the best American on clay and ranked him in the top six in the world.

Ken Rosewall, Ron Laver, John Newcombe, Tony Roche and Tom Ocker, "They're the only ones who could possibly beat him, say seven out of ten times," Ashe said.

Richey played extremely well during the week-long tournament, defeating six opponents, including top-seeded Ilie Nastase of Rumania, without losing a set.

"Anytime you don't lose a set, you're playing well for six days," he said. "I had two weeks rest before the tournament, so I felt good all week."

The St. Louis tournament was the sixth Richey has won this year and the \$7,000 first prize was the biggest purse he's ever collected. He now also holds a 3-1 match edge over Ashe this year.

He also picked up eight points to give him 15 points toward the \$200,000 Grand Prix 17-event circuit to put him in a three-way tie for fourth place. Georges Goven of France, gaining two points here, moved into the lead with 18 points.

Zeljko Franulovic of Yugoslavia, who did not play here, is in second place with 17. Dick Crealy of Australia, gaining two points here, is in third with 16. Tied with Richey are Jan Kodec, Czechoslovakia, and John Newcombe, Australia.

Ashe earned six points to give him 14 and seventh place. Nastase picked up four to give him 12 and Bob Hewitt of South Africa won two points to put him in ninth place with 11 points.

er Johnson's 18th homer had given the Phillies an early 1-0 lead, they broke a 2-2 deadlock again in the ninth on Mike Ryan's two-run shot, his first of the season.

San Diego scored four runs in the seventh inning, two on an error and a wild pitch, to hold off Montreal in their first game, but the Expos came back with two runs in the ninth of the nightcap on pitcher Dave Roberts' error and Jim Fahey's single to gain a split.

NFL Still in Dispute Over Contracts

NEW YORK (AP)—Commissioner Pete Rozelle tries today to get the warring owners and players of the National Football League back to the bargaining table.

There was no indication what either side would do. Contract talks have been stalemated nearly a week and the fate of the College All-Star Game at Chicago hinges on a critical 72-hour period which began today.

The owners and players are still \$11 million apart in their contract dispute.

Rozelle, it was learned, would like a settlement before Wednesday. That's when the Federal Mediation and Conciliation Service has scheduled a Washington session on the has-sle.

The NFL Players Association, headed by veteran Baltimore Colt tight end John Mackey, asked federal labor mediators to step into the impasse.

The owners haven't agreed to appear at the 7 p.m. Wednesday meeting in Washington.

"That's a decision for the owners to make Tuesday," said Tex Schramm, chairman of the owners' negotiating committee.

George Halas of the Chicago Bears, National Conference president, and Lamar Hunt of the Kansas City Chiefs, Halas' American Conference counterpart, have summoned the 26 owners to a Tuesday meeting here.

The possibility of the owners lifting the lockout which has kept veterans out of training camp arose Sunday night. The NFLPA has directed all its members to stay away but the owners could cause a split in the vets' ranks by opening their camps.

"If the owners do that, they'd be taking a chance on destroying pro football," said Alan Miller, onetime Boston Patriot and Oakland Raider fullback who is now the NFLPA general counsel.

"The rifts on the teams would be disastrous," added attorney Miller.

The Chicago All-Star Game July 31 is less than two weeks off and the world champion Kansas City Chiefs haven't had any practice. Quarterback Lenzy Dawson said over the weekend, however, that a number of veterans are working out together.

The contract talks revolve around the NFLPA demand for a contract which would provide an increase of \$4.5 million in salary and fringe benefits annually for four years. Owners are offering a \$1.8-million per year pact.

Brazil Holds 2-1 Lead Over Canada

By THE ASSOCIATED PRESS
West Germany has advanced to the Davis Cup quarter-finals while Brazil holds a 2-1 lead over Canada in its bid to gain the next round in the international tennis competition.

The final two singles matches in the Brazil-Canada America Zone finals at Sao Paulo, Brazil, were on tap today with Thomas Koch of Brazil facing Canada's Mike Belkin in the headliner.

At Dusseldorf, Germany, Christian Kuhnke clinched the European Zone B finals Sunday for West Germany by defeating Russia's Vladimir Korotkov 6-1, 6-1, 5-7, 6-2.

The second singles was called because of darkness and awarded to the Soviet Union, making the final score 3-2 for the Germans. Russia's Alexander Metreveli won the first set 6-4 from Wilhelm Bungert. The second set was tied 5-5 when play was halted.

The Brazil-Canada winner faces Spain in the quarter-finals while West Germany will meet India.

May, Murphy Flown in to Ball Game

By ED SCHUYLER JR.
Associated Press Sports Writer

They flew the troops into New York, and when the dust had cleared the California Angels had maneuvered closer to the top of the American League West.

Pitchers Rudy May and Tom Murphy, both in the middle of two-week military training stints, were flown into New York from California Saturday night at the cost of about \$800 for two roundtrip tickets.

Sunday, they made the strategy pay off by leading a 5-2, 3-1 sweep of the Yankees that pulled the Angels to within 3½ games of the first-place Minnesota Twins.

The Twins fell 3-1 before the Cleveland Indians and the firepower of pitcher Sudden Sam McDowell, who retired 24 batters in one stretch.

Detroit swept Kansas City 2-0 and 6-4 and moved to within three games of first-place Baltimore in the AL East as the Orioles split with the Chicago White Sox, winning 8-2 and losing 7-3; Boston belted Oakland 9-4 and Washington edged Milwaukee 4-3.

In the National League, Pittsburgh topped Cincinnati 7-3, St. Louis nipped Atlanta 3-1, the Chicago Cubs downed Houston 7-1, San Francisco beat the New York Mets 5-3 before losing 7-6 in 10 innings, Philadelphia swept Los Angeles 9-4 and 4-2 and Montreal and San Diego split a twinbill, San Diego winning 6-5 before losing 6-5.

National Guardsman May and Air Force Reservist Murphy failed to complete their starts, but both gained victories before flying back to California to finish their summer training.

May allowed just three hits and both New York runs and boosted his record to 5-6 in working seven innings in the opening game, while Murphy picked up his 11th victory against six losses in going five innings and yielding three hits and a run in the nightcap.

A four-run sixth inning, keyed by doubles by Sandy Alomar and Alex Johnson, was the big offensive thrust by the Angels in the opener. Ken McMullen led the attack in the second with an RBI single and a two-run homer. McMullen also singled in a run in the first game.

McDowell was touched for a wind-blown double by Cesar Tovar and Tony Oliva's RBI single in the first, then retired 24 straight Minnesota batters before Rich Reese beat out an infield hit with two out in the ninth. After Reese stole second, the Cleveland lefty ended the game by making Harmon Killebrew his 14th strikeout.

McDowell's 14th victory against four losses tied him with Minnesota's Jim Perry as the AL's winningest pitcher this season. The strikeouts boosted his league-leading total to 197, and he also extended his league-leading total of innings pitched to 187.

McDowell got the only offensive help he needed when Graig Nettles belted a two-run homer in the third.

Norm Cash drove in both runs and Tom Timmerman got Joe Niekro out of a ninth-inning jam in Detroit's opening victory over Kansas City. Niekro, who had a three-hitter, walked the first two men in the ninth. Timmerman then came on and, after a sacrifice, struck out the next two batters to end it.

Trailing 4-0, the Tigers rallied to win the nightcap with six runs in the eighth, with two scoring on shortstop Jackie Hernandez' error and two on Don Wert's double. The Tigers have now won five straight, while Kansas City has lost six in a row.

Ellie Hendricks, Merv Rettenmund and Brooks Robinson powered Baltimore's 14-hit attack with homers in the first game rout of Chicago.

After a 76-minute rain delay, the White Sox started the second game with three runs, two on Bill Melton's homer, and added a three-run clincher in the seventh after another rain delay of 34 minutes.

Baltimore Manager Earl Weaver was ejected in the third inning by umpire Lou Dimuro, the same umpire in the Series incident, Weaver rubbed a ball on his shoe and placed it down next to Dimuro. Dimuro angrily threw it into the Orioles dugout.

Boston smashed Oakland with nine runs in the first two innings. Rico Petrocelli led the way with a two-run homer and a three-run double.

A one-out, bases loaded ground single by Lee Maye against a special Milwaukee defense of five infielders in the ninth inning gave Washington its victory.

After his ejection in the third inning by umpire Lou Dimuro, the same umpire in the Series incident, Weaver rubbed a ball on his shoe and placed it down next to Dimuro. Dimuro angrily threw it into the Orioles dugout.

FLY CATCHER—Red Sox first baseman Carl Yastrzemski, mouth agape with effort, leaps in vain attempt to catch ball hit foul by Cleveland Indians' Duke Sims.

Donohue Races Javelin to Victory on Four Mi. Road America Course

By BOB GREENE
Associated Press Sports Writer
ELKHART LAKE, Wis. (AP)—Mark Donohue started with too little oil, but had enough speed to push his red, white and blue Javelin to victory Sunday in the seventh segment of the Trans-American championship series.

Donohue's victory over the four mile Road America course shaved the American Motors' Javelin team into second place in the unofficial team standings with 34 points.

Mustang leads the 13-race series with 50 points while Camero dropped to third with 29 and Plymouth Barracuda and Dodge Challenger were tied for fourth with 11 points each.

"We wanted to run high on oil," Donohue said after the race, which saw him average 91.839 miles per hour over the hilly course. "But if you smoke

early in the race, they usually black flag you. So we purposely started low. Only we started a little too low by mistake."

The Media, Pa., driver whipped his Javelin, a Wisconsin-bred vehicle into the pits early, and took on both gas and oil. His next pit stop, in the 30th lap of the 50-lap race, caused him to relinquish his lead to Swede Savage of Santa Ana, Calif., driving a Plymouth Barracuda.

Donohue regained the No. 1 spot on the 32nd lap when he passed Savage on the 90 degree fifth turn. His slim lead of less than one second ballooned four laps later, however, when Savage, Sam Posey of Sharon, Conn., and Milt Minter of Santa Susana, Calif., running two, three and four at the time, all pitted for fuel.

While Donohue was riding to glory, the Mustang team of George Follmer and Parnelli Jones—which won the first four races in the series this year—was having its problems.

Follmer had won the pole position with the best qualifying time, while Jones was the second fastest qualifier.

But Follmer, of Arcadia, Calif., was involved in a two-car collision on the first turn in the race, and failed to complete even one lap.

"Ed Leslie tried to pass on the inside and his wheels went off the road, causing him to spin in front of me," Follmer said. "I hit him and straightened him up, but then I went off on the left side."

Leslie, driving a Chaparral Camero, ran only 25 laps before he was forced out of the race when his car caught on fire. Savage and Posey collided midway through the race when Posey spun and Savage rammed him. However, both cars continued even though Savage's front end appeared heavily damaged.

In the under two liter race, a 25-lap event, Horst Kuech of Libertyville, Ill., won in his Alfa-Romeo GTA.

On Saturday, in the Continental Championship Series, John Cannon, Montreal, Que., captured the formula A race in a McLaren-Chevrolet, while Jacques Coultre, also of Montreal, won the formula B & C event in a Lotus 69-B.

Bobby Allison of Hueytown, Ala., driving a 1970 Dodge, won the 10th annual Volunteer 500 NASCAR Grand National race at Bristol International Speedway in Tennessee. LeeRoy Yarbrough of Columbia, S.C., finished second. Allison averaged 83.915 m.p.h.

A.J. Foyt captured the 200-mile USAC race for late model stock cars at Dover (Del.) Downs, averaging 120.111 m.p.h. in his 1969 Ford Torino. Don White, who had fought Foyt for the lead for more than 25 laps, wound up second.

At York, Pa., the National Hot Rod Association staged its \$175,000 Summernationals drag meet with Larry Brown of Van-dalia, Ohio, Gene Snow of Fort Worth,

Rankin Gets \$20,000 in PGA Tourney

By GEORGE STRODE
Associated Press Sports Writer
SPRINGFIELD, Ohio (AP) — Judy Rankin telephone her husband, Walter, in Midland, Tex., Sunday to break the news she had won the \$20,000 LPGA Jaycee Open Golf Tournament. "Guess who I beat," Mrs. Rankin, who closed with a five-under-par 68 for a 54-hole total of 209, said. "You're gonna faint, Lesley."

Lesley Holbert, whom Mrs. Rankin introduced to the pro tour four years ago, was one shot back at 210 over the par 73, 6,421-yard Northwood Hills Country Club course.

Both are close friends and both worked for Bob Toski at the same time in North Key Largo, Fla.

"I told Lesley at the hotel this morning, 'Let's try to finish one-two and I don't care if I'm two.' She said, 'I don't care either,' Mrs. Rankin said.

Mrs. Rankin, winning her second tournament of the year, drilled in a 30-foot eagle three putt on the 17th hole and clinched \$3,000 first prize money with a six-footer for a birdie four on the 18th.

"I've had that same putt three days in a row at 18," Judy said. "The first two days I hit it high. Today it was on the low side and slithered in the hole."

Mrs. Rankin collected six birdies, the eagle and one bogie in her brilliant finish. Miss Holbert also had six birdies and an eagle but ran into four bogies for a 69.

Joe Anne Carner, who shared the first round lead with Jan Ferraris and had the sole 36 hole lead, slipped to a 74 and finished in a third-place tie with Jo Ann Prentice and Miss Ferraris.

Huge Rattler Killed

Ruel Roberts of the McCaskill area came by the Star last week with this huge rattler killed by his wife Sandra who found the monster in the family butterbean plot. This is nothing new to the pistol-packing Mrs. Roberts, she killed a small one in the beans the week before.

The snake was 5 foot long, had 14 rattlers and a button.

P.S. Don't be surprised if the price of butterbeans go up in the near future.

Orlando May Sign Woman Gridder

ORLANDO, Fla. (AP) — Orlando's professional football team is negotiating to sign a woman player, Pat Palinkas, who measures 35-25-34, would hold the ball for her placekicker husband.

"Yes," said Orlando Panthers Head Coach Paul Massey, "we're quite serious about signing both of them. We're in the process of negotiating."

Steve Palinkas, just out of the Army where he played military football for three years, found himself without a holder when he started practicing three months ago for a Panther tryout. So Palinkas pressed his wife Pat into service.

"The first 50 or so times I closed my eyes and flinched a little, but it's not hard at all," says the 130 pound housewife who once was a finalist in a beauty pageant at Northern Illinois University.

A month ago Palinkas drove to Orlando from his Tampa home to try out for the Atlantic Coast League Panthers. He lacked consistency.

"I saw he had the power, so I told him to practice and come back," Massey said.

Last week Palinkas returned with his special square-toed kicking shoe — and his wife.

"She's my holder," Palinkas explained.

"Great, let's see what she can do," Massey responded, doubting it just a bit.

Pat, 27, simulated snaps from center, put the football on the tee in timely fashion and Steve boomed 40-yard field goals.

"She has an uncanny ability for holding the ball straight," Steve said. He is 27, 220 pounds and 6-foot-2.

Massey liked the kicking demonstration and he liked the idea of a crowd puller like a husband and wife kicking combo too.

Attendance has been a problem for the Panthers in their four years at Orlando.

The Orlando coach isn't sure what Atlantic Coast League officials will say about a female player.

"If we decide to go along these lines," Massey said, "we'll sign a contract, send it in and then sit back and see what happens."

Pat sees no problems.

"I'm very agile and know I can handle it," said the physical fitness enthusiast who jogs daily.

"I think she can do it," Steve encouraged.

What about those 250 and 260-pound rushing linemen trying to block the kick?

"Well," Pat hesitated, "that might just cause me to curl up like a snail. What else would a woman do?"

But Mrs. Palinkas has added one stipulation in contract negotiations: "I want my own private locker room."

70th Womens' Amateur Golf Meet Today

ROCKFORD, Ill. (AP) — A field of 125, including defending champion Jane Bastanchury of Whittier, Calif., tee off today in the 70th annual Women's Western Amateur Golf Tournament.

The low 32 scores in today's qualifying round at the Rockford Country Club, which measures 6,346 yards and carries a women's par of 37-37-74, advance to match play beginning Tuesday.

The finalists will meet in the 36-hole windup Saturday.

Miss Bastanchury will be one of six members of the U.S. Curtis Cup team in the field. The others are Martha Wilkinson of Whittier; Cynthia Hill, St. Petersburg, Fla.; Jane Fassinger, New Castle, Pa.; Nancy Hagger, Dallas; and Mrs. Paul Dye, Indianapolis, Ind.

Canada is Roosevelt Trot Winner

By TED MEIER
Associated Press Sports Writer
WESTBURY, N.Y. (AP) — From all indications it will be a long time before the United States wins the \$125,000 Roosevelt International Trot.

For the sixth straight year the Stars and Stripes failed to win the prestigious harness racing event as Fresh Yankee of Canada came home first last Saturday night.

The last U.S. winner of the global classic for the world trotting championship was Speedy Scot in 1964. Since then the winners have been Pluvier of Sweden, Ambro Flight of Canada, Roquepine of France twice, Une de Mai of France and now Fresh Yankee.

In fact the United States has won only three of the 12 International and one horse, Su Mac Lad, did it twice.

"While we don't know what may develop by next year at this time there doesn't seem to be any U.S. trotters able to beat the foreign horses," remarked a veteran standardbred expert after Fresh Yankee's victory before 39,340 persons at Roosevelt Raceway.

Prince finished 1-2, a head apart, in the \$56,400 Washington Park Handicap at Arlington Park.

Barbara Hunter's Pattee Canyon carried 132 pounds, most ever for the stakes, in winning one of the \$45,600 divisions of the Sheepshead Bay Handicap for fillies and mares at Aqueduct.

The second division went to June H. McKnight's Princess Pout, \$23,800, under a featherly 108 pounds, including Ron Turcotte.

In other national stakes Twice Worthy, won the \$30,000 Rosemont Stakes at Delaware Park, Champion, \$2,600, and Gaybrook Swan, \$3,300, finished in a dead heat in the \$27,750 Getaway Day Special at Suffolk Downs.

Fast Fellow: the Name is Accurate

By ED SCHUYLER JR.
Associated Press Sports Writer
Fast Fellow is a great name for a thoroughbred, especially if the name is an accurate description of the horse's ability.

It was Saturday in the Hollywood Juvenile Championship, where Velma Morrison's 2-year-old was the fastest fellow.

By being the fastest in the six-furlong Juvenile, timed in 1:10, he also became the richest equine fellow in the nation for the day by taking down first money of \$106,400 from the gross of \$163,900.

About 3,000 miles away at Monmouth Park, Hasting Harcourt's 4-year-old Gladwin turned his first stakes start into a happy and profitable occasion by winning the \$116,400 Amory L. Haskell Handicap worth \$75,670.

Dennis Tierney got Fast Fellow home by a nose in front of Kfar Tzofim for a mutual pay off of \$28. The 3-5 favorite, previously unbeaten Moonplash, finished third and possibly bucked his skins.

Each of the Juvenile starters carried 122 pounds.

Gladwin, ridden by Hebdoro Gustines, who arrived by helicopter after riding earlier in the day at Aqueduct, ran the 1 1/4 miles in 2:02-3 for a three-length victory over favored My Dad George, the runner-up in the Kentucky Derby and Preakness. Charles Elliott was third.

Owner Harvey Peltier had a big day at Arlington Park when his Doc's T.V. and Famed

Police Seize Manhattan Squatters

By JOE NICHOLSON JR.
Associated Press Writer
NEW YORK (AP) — Helmeted police broke into a brownstone in lower Manhattan today and seized about 55 men, women and children who had occupied the vacated building over the weekend in the latest incident of an expanding squatters movement in the city.

After the roundup, an angry crowd of about 100 of the squatters' neighborhood sympathizers chased, cursed and spat upon the landlord of the building, Leon Nagin, of Queens.

Nagin had accompanied police to the brownstone, in the Chelsea section, about 7 a.m.

As Nagin was escorted away by police, he declined to speak with newsmen.

The occupation of the building was reported begun by four families — two black and two Puerto Rican.

A lawyer for some of the squatters said 14 men, 22 women and 19 children were evicted from the building with police aid. All were taken away in a police wagon and a city bus manned by police.

The squatters had followed the lead of other groups on the East and West sides when they moved into the vacant building on West 15th Street Saturday morning.

The landlord in this case had cleared out his previous tenants and planned to begin renovation today to convert the building into luxury apartments renting for \$200 to \$400 monthly.

Sunday the landlord appealed to the group to leave but they rejected his plea. They say they cannot get decent housing anywhere because of the city's housing shortage.

On the West Side, about 135 families have moved into boarded-up apartments earmarked for demolition to make way for an urban renewal project. Six squatter families have similarly seized apartments owned by the New York Eye and Ear Infirmary on the East Side and scheduled to be new nurses' housing.

Operation Move In, which is coordinating the program, says it has a waiting list of 350 families.

The problem is especially acute for large families.

One Year After Moon Voyage Space Agency Is Fighting for Life

By HARRY F. ROSENTHAL
Associated Press Writer
WASHINGTON (AP) — It has been one year since men first landed on the moon and Neil Armstrong's giant leap for mankind seems almost stuck in mid-air.

One year ago today, as 500 millions around the world saw Armstrong and Edwin "Buzz" Aldrin walking the moon, the space program was at its pinnacle. Now it is struggling.

"This is the greatest week in the history of the world since the creation," said an elated President Nixon. "The world has never been closer together before."

The bond was as short-lived as that stay on the moon. The pride dissolved in a welter of concerns other than the feat of men on a dead satellite a quarter million miles away.

No one is more disappointed than Armstrong.

"I had hoped it would take our minds away from some of the more mundane and temporal problems that have faced us and let us look a little farther into the future with the aim of solving problems before they become problems," he says. "I haven't seen as much evidence of that as I'd hoped."

"We appear to be still tied up with today's problems—the problems already occurring. We attack them from the backside rather than meet them head-on. If all of us could look into the future we could look at problems from the front side."

After Armstrong, Aldrin and command module pilot Michael Collins returned from their epic journey, interest in further manned exploration of the moon waned quickly. Apollo 12, the second moon landing, was accepted in a relatively routine fashion, particularly after its television camera quit almost at the outset.

Apollo 13 also got a lot of yawns until an explosion created the greatest crises of any space flight to date.

Apollo 14, commanded by Alan B. Shepard—America's first man in space—already has had two postponements of two months each, caused in part by modifications but also because the space agency wants to stretch dollars by stretching out flights. One of the seven scheduled moon landings already has been canceled and three, or even four, more may go the same money-saving route.

Gearing up for the Apollo 11 first moon landing, NASA in one year got \$5.9 billion. But this year the administration and Congress, sensing the national mood and beset with other stringent demands on the federal dollar, responded by cutting way back. The House approved \$3.197 billion for fiscal 1971, the Senate passed \$3.319 billion. The difference will be worked out in conference, but it's a cinch to be the lowest amount since the earliest days in space.

All this hasn't dimmed the optimism of Armstrong, now an executive in the space agency.

"I suspect space progress as we know it is now inevitable," he says. "It is a thing that now exists and will continue to exist for the rest of mankind. We don't have the option any longer of saying yes or no—only of saying when."

To Attempt Bolstering State Dept.

By LEWIS GULICK
Associated Press Writer
WASHINGTON (AP) — State Department reformers, concerned over the agency's shrinking role in foreign affairs, have come up with 468 recommendations for restoring the department's luster.

The proposals, developed by 13 department task forces led by Deputy Undersecretary of State William B. Macomber, have been presented to Secretary William P. Rogers and other senior officers for their suggestions.

After further review, the recommendations will be published this fall. Some will require action by Congress and extra money, but many can be implemented under existing authority.

The reform movement reflects not only unhappiness with State's diminished role in foreign affairs since World War II, but the impatience of some diplomats at what they deem the unimportance of their assignments.

Perhaps most important are recommendations aimed at strengthening the department's capacity to carry out overall coordination, direction and supervision of U.S. activities abroad.

While the State Department—on paper—has remained the paramount foreign affairs department, its influence has been whittled away in recent years by mushrooming overseas activities of other U.S. agencies and by strong White House staffs.

Under the proposed reforms, the State Department would develop a systematic definition of what U.S. interests are in various areas of the world.

This definition would be accompanied by a setting of priorities—supplying guidelines on how best to allocate U.S. resources spent abroad, country by country and region by region.

The task force proposals also call for far-reaching changes in the personnel system.

Under the projected reform, the department's Washington jobs now under civil service would be shifted to a new category, "Foreign Service Reserve Unlimited," foreign service staff specialists would become FSRU's or career foreign service officers, and the elite foreign service officer corps itself would become less of a caste system.

Also young career diplomats would receive semiautomatic promotion assuming they don't perform too dismally—until they reach the upper middle-ranks. Promotion above that to senior officer or management level, would continue under the present strict system. The foreign service officer must be promoted or retire.

The idea behind this proposal is to assure younger diplomatic officers their careers will not be jeopardized by freely expressing their views.

The State Department was the target for many major reform efforts in the postwar era. But supporters of the present movement stress it comes from within the State Department. Past reform attempts failed, they say, because they were imposed from the outside or imposed from the top and never succeeded in persuading the people within the system itself.

Police Seize Manhattan Squatters

Clarence Barrong Graduating

MAGNOLIA—Clarence Edward Barrong, son of Mr. and Mrs. Clarence Barrong of Rt. 4, Hope, will be a candidate for the bachelor of science in education degree at Southern State College.

Aug. 14

A graduate of Hope High School, Barrong is a senior business education major specializing in the field of economics at Southern State, where he has held an Ethel Hart scholarship, been a member of Tri-Civic and commerce club, and won the National Business Education Association Award.

Barrong is married to the former Donna Schultz, daughter of Mr. and Mrs. W.H. Schultz of Blevins.

Travelers Nip Sun Kings 4-3

EL PASO, Tex. (AP) — The continued pitching of John Schrock and Dick Seminoff gave Arkansas a 4-3 victory over El Paso Sunday night for a split of their Texas League double-header.

The Sun Kings won the opener 7-6 with Roy McCord driving in five runs.

In the nightcap, Arkansas scored twice in the first and three times in the second, knocking king starter Lloyd Allen just returned from a stint with the California Angels.

Wayne Dees led the attack, driving home a run each of the two games.

McCord's bases loaded double with two out in the bottom of the seventh of the opener, brought the Sun Kings from behind for the victory.

Head coach until the fifth inning the Kings struck for three runs in the sixth, only to have Arkansas do the same in their half of the seventh.

Joe DiFabio of Arkansas had a perfect game until one out in the fifth when El Paso shortstop Billy Parker rapped his 14th homer of the season. DiFabio left the game in the sixth when King catcher Randy Brown started a groundout off his ankle.

signed Sunday night was for "more than I've ever seen." His arrival had been delayed by plane connections.

THE WELL CHILD Weight Is Main Factor In Child's Milk Needs

By WAYNE G. BRANDSTADT, M.D.

Q—My daughter gives her
children 2 per cent milk.
Wouldn't whole milk be bet-
ter for them?

A—If the children are over-
weight, skimmed milk would
be best for them. If their
weight is normal, there
would be no objection to 2
per cent milk, but if they are
underweight their fat intake
should be increased. This
can be accomplished with
margarine as well as with
whole milk.

Q—Is there any objection
to giving a child who doesn't
like puddings and pastries
two or three servings of ice
cream daily?

A—Ice cream is an excel-
lent food and there is no
reason why liberal amounts
of it should not be included
in a child's diet provided it
is a balanced diet in other
respects.

Q—My sister gives her
baby milk right out of the
refrigerator without warm-
ing it. Isn't this harmful?

A—Apparently this is
harmful only if the baby,
no longer on the bottle, gets
the cold milk in large gulps.
Small sips are warmed suf-
ficiently on the way to the
stomach.

Q—Can a baby's parents
be identified by blood tests?

A—There is rarely any
doubt about who a child's
mother is. A comparison of
the baby's blood type with
that of a given man can
show only that the man
could or could not be the
father but not that he is the
father.

Q—Can a blue-eyed couple
with fair complexion be the
parents of a child with dark
brown eyes, dark skin and
black hair?

A—Yes. The inheritance of
skin, hair and eye color, in
which dark is dominant and
light is recessive, is a com-
plicated matter. In human
beings the genes are so thor-
oughly mixed that almost
any combination is possible
in one child even though his
brothers and sisters followed
the parental pattern more
closely.

Q—Our daughter, 6, can
remember all the songs she
has learned in school but all
she does with a pencil and
paper is scribble. She is
ambidextrous. Where can I
get information about special

Honor Hope Girls Wind and Rain Local Pollution

Congratulations today to not one but two Hope girls who won the top awards at Hot Springs Saturday night:

Donna Connelly—the new Miss Arkansas, now a candidate for Miss America, and

Marjorie Royston, who was voted Miss Congeniality by the contestants themselves.

Not often does a city—big or small—find itself with two top winners in a single state-wide competition. And of course, as the girls know, their home town is enormously proud of them.

Vehicles change but habits don't. The horse-and-carriage heading out for a Sunday afternoon's drive has vanished in the mists of Time—but many motorists still yield to the old impulse and drive leisurely through the countryside on Sunday.

My particular bent is to follow the St. Louis Cardinals on the radio while I explore minor local roads.

Sunday I turned off State Highway 4 just a mile or two short of the junction with the route to Bodcaw, and took a gravel road which I knew joins State 53 (Falcon—Prescott) just north of Falcon, Nevada county.

Two things I noted in the countryside were: At least some farmers have been getting needed rain, for the corn looked quite good this late in July. The second thing I noted was that the rain had been accompanied by high winds. At several points big trees had been uprooted, but road crews had cleared at least one lane for traffic.

Another country loop is the one that swings east from the Rocky Mound road and then rejoins it at the Game & Fish Commission radio tower.

But I regret that this quiet and shady lane has been fouled up by local polluters. Empty beer bottles were left standing upright in the dusty roadway—obviously planted just for mischief.

Sooner or later the farm neighborhood is going to get tired of this desecration and surprise the celebrants in the middle of a beer party.

As your wet editor, I assure you no gentleman goes out for a quiet beer and then leaves his "empties" in the other fellow's neighborhood.

It's a pollution not confined to the country, believe me. Not a week goes by but what I have to pick up beer cans in my own front yard on S. Main St., Hope.

Four Highway Deaths Over Weekend

Four persons lost their lives on Arkansas highways this weekend. One of the accidents was a double fatality and the others were killed in separate accidents.

The Associated Press week end fatality count began at 6 p.m. Friday and ended at mid night Sunday.

A Little Rock man, Harold K. Lemley, 39, was killed Sunday morning in a one-car crash near Prescott on Arkansas 24. Officials said Lemley apparently lost control of his car and it struck a telephone pole.

Police said Edward Jerome Smithers, 19, of Mulberry was killed Saturday night when a pickup truck crossed the center line and collided with his car on Arkansas 215, 10 miles north of Mulberry.

Officers said Ronnie Lee Williams, 31, of Mulberry, who was driving the pickup truck and was apparently blinded by Smithers' headlights.

Katy Lou Smithers, 17, Edward Jerome Smithers Jr., 13 months, and Williams were hospitalized at Van Buren.

Two persons were killed on U.S. 167 near El Dorado Saturday night in a head-on collision.

Officials identified the victims as Mrs. Edith Morris, 57, of El Dorado, and Earl Schochley, 55, of Magnolia. Mrs. Morris' husband, L. E. Morris, was injured in the accident.

Donna Connelly Named Miss Arkansas, and Marjorie Royston Is Miss Congeniality

Donna Connelly, left, of Hope, is crowned the new Miss Arkansas by the former titleholder, Marilyn Kay Allen of North Little Rock, Saturday night in Hot Springs' convention center. Miss Connelly, daughter of Mr. and Mrs. J. W. Connelly, was entered as Miss Arkansas State College.

—Hope (Ark.) Star photos, Pod Rogers

Marjorie Royston, right, was crowned Miss Congeniality, and is congratulated by the reigning Miss America, Pamela Ann Eldred of Birmingham, Mich. Miss Royston, entered as Miss Ouachita Baptist University, is the daughter of Mr. and Mrs. G. D. Royston, Jr.

Prices Rise With British Dock Strike

By THOMAS A. REEDY

LONDON (AP) — In only five days, Britain's dock strike has struck the housewife a low blow in the family budget. Agriculture Minister James Prior confirmed today in a personal tour of London's big markets.

He found abrupt price increases imposed by wholesalers, heard bitter complaints from retailers who said they had little choice but to pass them on without gain, only inspiring rancor from the customer.

Prior indicated this would be a major part of his report to Prime Minister Edward Heath's Cabinet, which is treading the delicate path of decision about using troops to unload perishable foods.

The decision may hinge largely upon a report from Employment Minister Robert Carr. He has been the man closest in touch with negotiations involving the 47,000 longshoremen and is trying to work out just how long the strike is likely to last.

The strike is to enforce a demand by the four unions involved for the basic weekly rate of the equivalent of \$26.40 to be raised to \$48. The basic rate is only used to calculate overtime, bonus payments and vacation pay. Average weekly earnings of longshoremen are about \$86.40. If the strikers' claim is met it would mean average weekly earnings of \$132.

The Associated Press week end fatality count began at 6 p.m. Friday and ended at mid night Sunday.

A Little Rock man, Harold K. Lemley, 39, was killed Sunday morning in a one-car crash near Prescott on Arkansas 24. Officials said Lemley apparently lost control of his car and it struck a telephone pole.

Police said Edward Jerome Smithers, 19, of Mulberry was killed Saturday night when a pickup truck crossed the center line and collided with his car on Arkansas 215, 10 miles north of Mulberry.

Officers said Ronnie Lee Williams, 31, of Mulberry, who was driving the pickup truck and was apparently blinded by Smithers' headlights.

Katy Lou Smithers, 17, Edward Jerome Smithers Jr., 13 months, and Williams were hospitalized at Van Buren.

Two persons were killed on U.S. 167 near El Dorado Saturday night in a head-on collision.

Officials identified the victims as Mrs. Edith Morris, 57, of El Dorado, and Earl Schochley, 55, of Magnolia. Mrs. Morris' husband, L. E. Morris, was injured in the accident.

Here Is Close-Up of Hope Miss Arkansas: Donna Jo Connelly

Hope's own 18-year-old Donna Jo Connelly, Miss SCA was crowned Miss Arkansas Saturday night at Hot Springs' Convention Center by the retiring Miss Arkansas, Marilyn Kay Allen of North Little Rock. Miss Ouchita Baptist University, Marjorie Elizabeth Royston of Hope was elected Miss Congeniality by her fellow contestants. She is the daughter of Mr. and Mrs. G.D. Royston, Jr.

First and second runnersup, both previous Miss Arkansas finalists, were Miss U. of A., Martha Patricia Gideon and Miss Conway, Deborah Lynn Vantrease.

Miss Connelly is a sophomore music major at SCA where she is a member of Alpha Sigma Tau sorority, an ROTC sponsor and a member of the college choir.

The new Miss Arkansas, who weighs 115 pounds and measures 35-23-35, was Hope's Junior Miss and won the talent award in that contest. She is the daughter of Mr. and Mrs. James W. Connelly of Hope.

The 5-foot, 6-inch beauty won preliminary talent competition Friday night singing "Who Will Buy" from the musical "Oliver" and "Love is a Many Splendored Thing." Miss Connelly stated during impromptu questioning of the five finalists that she wanted to be an evangelistic singer because she hoped that by "being able to pour out my soul through music as I have seen so many evangelists do with words, that I will be able to bring others closer to God."

The other finalists were Miss Arkansas A & M, Nancy Kay Benson of Hampton; Miss Batesville, Lynda Leah St. John; Miss Fayetteville, Janice Gail Rinn; Miss Henderson State College, Susan Jane Toler of Arkadelphia; Miss North Little Rock, Terri Lynn Campbell.

As Miss Arkansas, Donna will receive \$2,000 in scholarships, a \$750 wardrobe and a personal appearance contract.

HOT SPRINGS, Ark. (AP) — The new Miss Arkansas, Donna Jo Connelly, 18, of Hope says she has always dreamed of becoming a famous evangelistic singer.

She was crowned Saturday night after singing "Love is a Many Splendored Thing" and

High temperatures Sunday night after singing "Love is a Many Splendored Thing" and

De-Emphasis of Colleges May Be Next

WASHINGTON (AP) — A special White House panel has told President Nixon the answers to the nation's problems may involve a de-emphasis on college education, taxes on polluters and development of new cities to lure residents from crowded metropolitan areas.

Although noting predictions that the U.S. population may be stabilizing, the report said 70 per cent of the country's people probably will be concentrated on one-tenth of the land by the end of the century.

And half the population, containing the most advanced and most prosperous elements of the society, will live in three giant metropolitan belts—Boston-Washington, Chicago-Pittsburgh and San Francisco-San Diego, the Panel on National Goals said in a 228-page staff report.

Few firm conclusions were offered in the report, entitled "Toward Balanced Growth: Quantity with Quality." The panel said its suggestions were intended to stir public debate and generate concern in Congress.

The trend toward settlement of most of the population in metropolitan areas can be reversed if federal, public and private institutions adopt a coordinated strategy, the study group said. Alternatives might include fostering the growth of existing small cities, building new cities and generating growth in rural areas.

Regarding schooling, the presidential study group said, "Many people feel that too great emphasis is already being placed on post-secondary education, particularly on the four-year degree and that possibly there are many students now in college who do not really want to be there."

Perhaps college should be de-emphasized, the panel said. But in any case, the nation should examine approaches to higher education.

One answer to pollution, the panel declared, is the imposition of taxes on polluters. "In the competitive market place, raising the price of pollution would tend to lower environmental degradation, as producers would have an incentive to use manufacturing methods that put fewer burdens on the environment."

Three Hempstead County teachers are among the 28 men and women enrolled in the second annual Education Professions Development Act workshop currently being held at Southern State College in Magnolia.

The local students enrolled

include Susan Rogers Pride, daughter of Dr. and Mrs. Herbert Rogers of Hope, who will teach in the Hope elementary schools; Lavon Flaherty of McCaskill, who will teach general science in the Magnolia schools; and Kenneth Nivens of Blevins, who plans to teach science in the Kirby schools.

Three Hempstead County educators enrolled in the one-week Integration Workshop scheduled at Southern State College July 13-18, according to Dr. Paul Kirkpatrick, workshop director.

Local school personnel enrolled included Mrs. Dorothy Mitchell and Mrs. Lethe Nell Rushing, teachers in the Blevins Elementary School; and Mrs. Ruby Brunson of Washington. Two Emmet educators were also enrolled: Frank Faulkner, coach, and Charles Haynie.

U.S. Eyes Soviet in Cuba

NEW YORK (AP) — American intelligence analysts are growing more concerned about Soviet activity in Cuba, Time magazine says.

In its current issue, Time reports that the United States has increased surveillance flights by U2 aircraft and satellites to one a day, the highest number since the missile crisis of 1962.

The weekly news magazine says that since April, Soviet TU95 bombers have made six flights to Havana, probably on reconnaissance missions and to deliver military supplies.

"The flights may also be an effort to test the U.S. response; since there was no reaction following the first two flights in April, four more followed," the magazine says.

"Three or four Soviet aircraft are now appearing on U.S. mainland radar screens every 24 hours, the largest number ever," Time says, adding there have been reports of Soviet Komar-class missile boats off Key Biscayne, Fla. The boats were "outside the 12-mile international limit, but well within their missiles' 15-mile range of the Florida White House," Time says.

In recent congressional testimony, government sources rated chances for a renewed Soviet adventure in Cuba as "low."

Mosquito Spray Program Works

STUTTGART, Ark. (AP) — Marian Air Service of Savannah, Ga., has apparently fulfilled its promise to kill at least 95 per cent of the mosquitoes in the Stuttgart area.

Hope Traffic Accidents Reported

Hope city police report two traffic accidents this weekend. The first occurred Saturday at 7:30 p.m. at 6th and Hazel when the cars of Eugene Elmore Tollett and Mrs. V. Phillips collided. Mrs. Phillips was charged with failure to yield right of way. Damage was minor.

The second was at 12:25 p.m. at North Walker and Hickory. A car driven by Donald Johnson backed into a car driven by Monroe Willis. Minor damage resulted. Officer Shirley investigated.

City police weekend report: 3 traffic violations, 2 licence violations, 3 DWI, 1 carrying a concealed weapon, 1 disturbing the peace, 1 AWOL. That brings the total to 160 accidents for the year with 19 injuries.

Arkansas' own Glen Campbell will be the feature attraction at the state Livestock show in Little Rock Oct. 2-11. Glen will appear on Saturday, Oct. 3 at 8 p.m. and on Sunday afternoon, Oct. 4 at 2:30, in Barton Coliseum.

Congressman John Paul Hammerschmidt announced today that his district assistant, Archie Lantz, will be in Hope Wednesday, July 22, to give area residents an opportunity to make their problems and views known to his office. Lantz will be in the social security room of the Federal Building in Hope from 9 a.m. to 4 p.m. Congressman Hammerschmidt invites persons with federal-related problems to contact Lantz during this visit.

Notice to Judges and Clerks who worked in the City Election of July 14: your checks are ready and can be picked up at Hope City Hall from Mrs. Sally Andrews, City Clerk.

Keith Jewelry Store Robbed

Keith's Jewelry store was entered through a back window early Saturday morning. Several watches and lighters were taken. Sgt. Ward is in charge of the continuing investigation.

18-Year-Old Vote on 13 State Ballots

By JERRY T. BAULCH Associated Press Writer

WASHINGTON (AP) — Proposals to lower the voting age will be on the ballot in at least 13 states Nov. 3 and their backers are working hard to overcome a letdown in interest following passage of a federal law allowing 18-year-olds the vote.

The letdown came despite President Nixon's questioning whether the voting age could be changed by Congress. He said a constitutional amendment is required but signed the bill rather than kill the entire Voting Rights Act and urged Congress to begin the long constitutional route just in case.

The current situation is further muddled by Atty. Gen. John N. Mitchell's notification to the states to submit their plans for complying with the new law by Aug. 3.

Mitchell, who has agreed with Nixon's doubts about the constitutionality of the law, obviously is seeking a quick court test, although the 18-year-old vote provision doesn't go into effect until next Jan. 1.

The situation created a lull in drives to get voter support for proposed changes in state constitutions to lower the voting age.

Ian MacGowan, director of the Youth Franchise Coalition that has been campaigning in 30 states to lower the voting age to 18, said that passage of the federal law led to a slowdown of activity in the states.

But the coalition, which believes the federal law is constitutional, sent out storm signals that the Supreme Court might not agree and state laws might be needed. "So now in most states they're starting to pick up steam again," MacGowan said.

The likelihood of a quick court decision is not bright, but even if a ruling came soon it would have no effect on the November elections.

Only four states now allow young people under age 21 to vote: Georgia, which gives the ballot to 18-year-olds; Kentucky allows 17-year-olds to vote if they will become 18 by the following November; Alaska, 19-year-olds; and Hawaii, 20-year-olds.

Farmers Fear Backlash on Quota Plan

By DON KENDALL AP Farm Writer

WASHINGTON (AP) — A spokesman for soybean farmers says if Congress follows through with sweeping restrictions on imports it could spawn foreign retaliation against U.S. farm products.

In the case of soybeans, said Chet Randolph, executive vice president of the American Soybean Association, producers could expect a sharp drop in exports, accompanied by severe cuts in market prices.

"A 5 to 8 per cent reduced demand could lower soybean prices 25 to 50 cents a bushel," Randolph said in a statement issued here. "It is unthinkable this should happen right at a time when farmers are enjoying the most favorable prices in some time on soybeans, certain other grains and livestock."

Randolph pointed to the thriving soybean export market as a factor in stronger market prices. Exports during 1969-70 accounted for a record 51 per cent equivalent of last year's crop, he said, compared with 39 per cent sold overseas from 1968 production.

The recent move by the House Ways and Means Committee toward import quotas on textiles and footwear is indicative of a possible protectionist wall being built, Randolph said.

Should this develop, he said, it would "trigger a protectionist recession" that could cause U.S. agriculture to sink as low as in the early 1930s when similar restriction were in effect.

"To risk this \$15.5 billion market (for soybeans), to risk a setback in the over \$6 billion farm export market and a loss of industrial trade in order to protect certain industries," Randolph said, "is a poor gamble for farmers and the American consumers."

WASHINGTON (AP) — Cotton and wool producers occasionally might admire pretty girls in miniskirts but these fashions really do not create larger markets for their products.

The Agriculture Department notes this and says in a report that lower hemlines advocated by midi and maxi designers could have an impact on the textiles industry.

"In 1964, skirts were in the neighborhood of the knee and it took an average of 3.2 square yards of cotton fabric for a skirt," says an article in the current "Agricultural Situation."

"By 1968, hemlines were somewhat north of the knee and only about 1.9 square yards of material were needed. The miniskirt caused a 40 per cent reduction in fabric requirements."

The article stopped short of taking sides on the hemline issue but mused: "Now, if the midi or even the maxi should catch on ...?"

Exemption Given 6 Schools

WASHINGTON (AP) — The Internal Revenue Service has granted six schools, including De Soto School, Inc., in Helena, Ark., tax exemptions.

The schools were granted tax exemptions on their income, and contributions to them were made tax deductible on the assurance that the schools would have non-discriminatory admission policies.

The IRS said the six schools "had provided the IRS complete information that they had racially non-discriminatory admissions policy announced with their respective communities."

Jim Howe, chairman of the Board of Directors of De Soto, Inc., said the school's charges provides that admission will be open without discrimination because of race, creed or sex.

Howe said the school's only concern will be "quality education."

Howe said 300 students are expected to attend the school this fall.
